# Quality Policy

**SOUTH WESTERN TECHNOLOGIES AND OILFIELD SERVICES LIMITED (SWT)**, is a privately owned company committed to providing Completions & Well Services to the Oil and Gas industry. We exceed the expectations of our customers through quality services, timely delivery and effective cost within budget.

To achieve this, SWT will continually:

- Apply a quality management system that fully conform with ISO 9001:2015, applicable standards, statutory, regulations, and customers' requirements.
- Determined customer requirements and apply continual improvement methods aimed at exceeding these requirements.
- Take actions to address external and internal issues aimed at continual improvement of the quality management system.
- Apply safety and environmental protection requirements.
- Set quality objectives based on this policy which shall be regularly reviewed for suitability, adequacy and effectiveness.

All members of staff shall strictly comply with the requirements of this quality policy.

Chris Idisi  
Managing Director
